

Question Pick 'N' Mix: Developing Great Research Questions

Now pick 'n' mix to build some great questions for your research topic.

Question #1 _____

Question #2 _____

Question #3 _____

Hints:

- ✓ Verbs such as *might, should, would, could* and *will* often create deeper "thinking" questions.
- ✓ Questions beginning with *how* and *why* ask for analysis and opinion.

Example: **What is** global warming?
 Why is global warming a serious problem?
 How could you help to reduce global warming?
